FOR IMMEDIATE RELEASE

iGO My way Iberia and British Isles: New Regional Navigation Solutions for iPhone

Brand-new Iberia and British Isles editions of iGO My way 2009 for iPhone now available for download from Apple App Store

Budapest, Hungary – Following the release of the Europe versions of [iGO My way 2009](#) for iPhone, [NNG Global Services](#) has now launched separate Iberia and British Isles editions of the navigation application. Providing an alternative to the full Europe version, the Iberia product release covers Spain, Portugal and Gibraltar at €39.99, and the British Isles version covers the United Kingdom and Ireland at €39.99 or £29.99. Along with 3D terrain, elevation, and landmark visualization, the one-off purchase of the applications includes **quarterly map updates until the end of 2010 at no additional cost.**

[iGO My way](#) Iberia and British Isles editions are based on the updated 1.1 version of the application; consequently, they offer all new features, such as multi-point route calculation, navigation to iPhone contacts and music playback from the Quick menu.

[NNG Global Services](#) plans to release additional regional packages for iPhone in the near future, meaning that an even wider group of iPhone users will have the chance to use iGO My way 2009 on their Apple smartphone.

For a detailed description of the iGO My way Iberia and British Isles editions, and a list of supported languages, please visit: <http://www.igomyway.com/en/products.html>

About NNG Global Services

NNG Global Services is part of a group of dynamic, innovative software development companies offering the latest solutions for 3D satellite navigation, mobile applications and content/community services on a variety of platforms. The group also develops its own mobile games and digital maps. The group launched its first product in Germany at CeBIT 2006. Since then, it has formed partnerships with more than 70 hardware manufacturers worldwide, with brands including Clarion Europe GmbH, LG Electronics and Sony Computer Entertainment Europe. The group provides reliable navigation solutions in more than 70 countries and in 45 different languages.
